### PRODUCT INFORMATION

|                             |                      |
|-----------------------------|----------------------|
| Movement space              | 615x364 cm           |
| Area of movement            | 20.50 m <sup>2</sup> |
| Dimensions                  | 315x64 cm            |
| Overall Height              | 127 cm               |
| Free falling height         | <600 cm              |
| Foundations                 | 6 pcs                |
| Availability of spare parts | YES                  |
| EN 16630 compliance         | YES                  |
| Age group                   | 14+                  |
| Number of users             | 3                    |

- Durable Steel Construction
- Can be paired with another fitness station to share a center post or set of center posts
- Instructional sign made of HPL, 12mm thickness, with illustrations to proper use can be attached to a post but is sold separately as TDS AE602C.
- Safety surfacing required to comply with EN 16630 / EN1177 for the fall height of the equipment Age Range: 14+ for EN standards (Height 1400mm+ for EN standards).
- Cast in place or surface mount

### MATERIALS

- Posts (colored): Hot Dip Galvanized and powder coated Steel
- Posts (non - colored): Hot Dip Galvanized (plain) or Stainless Steel (304 / 316L)
- Central post: Ø127mm(t=3,2mm)
- Supplementary Circular Cross sections: Ø33,7mm(t=3,2mm)/ Ø42,4mm (t=3,2mm)/ Ø60,3mm (t=3,2mm)
- Panels: HPL Antiskid 12mm (EXT)
- Metal Parts (colored): Hot Dip Galvanized and powder coated Steel
- Metal Parts (non - colored): Hot Dip Galvanized (plain) or Stainless Steel (304 / 316L)
- Steel Ropes apparatus: Steel core ropes braided with polypropylene (Ø16mm). Solid and aesthetic connectors made of injection molded durable plastic / end-connectors and sleeves made of durable aluminum alloy
- All other plastic elements: Fiber reinforced plastic
- Fasteners: Electroplated coated or Stainless Steel (304 / 316L)
- Chains: Hot Dip Galvanized (plain) or Stainless Steel (304 / 316L) / Ø6mm / According to DIN 766

**Please note that the above list of materials concerns the articles of the whole series. Therefore, some of them are not used in the described article.**
